EXCERPT FROM “LOVE’S LEGACY”

“Legacy is much more than
the amount of money,
property or material things
left behind when we’re gone.
It’s the fabric of who we are.
Good or bad,
our life defining moments make up this fabric
and determine the legacy we leave behind.
When all is said and done,
what will the fabric woven
by all of our life’s moments
tell the coming generations about us?
What will our legacy be?”

Review:

Dr. Obi has beautifully created a tale that brought the realities of life and the hardships that we face into a world of fiction that we all can enjoy. Highly entertaining and inspirational... Love's Legacy lured me in deeply. The characters are so real with issues that make this novel 3 dimensional. The emotional journey was definitely one exciting thrill ride. I found myself completely enjoying and waiting to experience again when I read this story once more. The love that the main characters Luke and Naeerah have for one another is something, as a reader, that amazed me. Their love went deep physically and emotionally. Both made sacrifices for the other. In today's world it's rare to find a love like these characters had. Despite all obstacles, they held through with true declaration of love for another. Life always threatens to take away what we have and it's not any different where Luke and Naeerah are concerned. True love may have or may not have won in this brilliant piece by Dr. Obi. Readers have to read it to find out for themselves. I absolutely loved reading Love's Legacy, the most inspiring, heart melting, and intriguing novel I have read. Overall, I highly recommend this title to readers everywhere.
